WELLS TAKES LITTLE RISK

A mies Now in Death Grips to Decide Homeric Issue Wage for Over Two Weeks at the Aisne

COMBAT RAGE THE SUCH FURY

GERMAN MILLIONS ARE THROWN BACK WITH HEAVY LOSS

Berlin Insists There Has Been No Change Along the Whole Battle Front.

THOUSANDS ARE DEAD IN FIRE SWEEP ZONE

Every Fresh Assault Adds Thousands of Both Sides to Ghastly List.

London, Sept. 29.—The eighteenth day of the battle of the Aisne thus far has brought no decisive result, but all indications continue to point to an approaching end of the homeric struggle. Hand to hand fighting now rages with such fury is bound, it is generally held, to decide the issue.

Meanwhile the fog, which the French official report yesterday announced had prevented operations in the Wever district, covers metaphorically the rest of the long battle line. All that the public is permitted to know from the allied side is that so far the British and French armies have held their grip on the positions and have consistently thrown back the masses of Germans, who have been bravely and incessantly hurling on them in an effort to break through the human barrier.

Asserts No Change.

In Berlin, it is asserted that there has been no change in the situation, and the claim of the allies that the scale has turned slightly in their favor, is stoutly denied.

The losses of the opposing armies in the last few days of the intense combat have been colossal. Even the official returns contain a gruesome picture of thousands of dead and wounded lying in the fire swept zone between the two armies and every fresh assault is adding to the ghastly list.

Gibes no longer are heard at the inactivity of the Zeppelin balloons, which now seem omnipresent. These machines, which were used yesterday at Bialystok, to the southeast of Grodno, some sixty miles from the Russian frontier. This dirigible was more fortunate in getting away than was her sister ship, which was shot down in the neighborhood of Warsaw the day before.

Russians in Hungary.

It seems now to be officially admitted at Budapest that Russians have secured a good foothold on Hungarian soil, have crossed the frontier in the Ungvár district in considerable strength. In the plains in front of them the Moscovites will find their main obstacle to be the river Tisza, which is flanked by marshes. It is generally held there are no forces on the plain, but possibly fortifications recently have been thrown up.

Dog Saves Master's Life.

Yonkers, Sept. 29.—Fifty thousand dollars' worth of goods were lost today in a fire which destroyed the old Imperial Building at English Bay beach and the residence belonging to A. Gibson, 3810 11th. Gibson was awakened by the barking of his fox terrier, a fact which undoubtedly they owe their lives to.

Chinese Make Active Protest Against Invasion by Japanese

Wei Hsien, Shantung, China, Sept. 28 (6:30 p.m.)—Chinese troops today blew up and destroyed the railroad bridge at Tayu Ho, six miles west of here. The sound of the explosion could be heard in this city.

The above despatch is the first indication that Chinese troops have taken an active part in opposing the military operations of the Japanese in Shantung province in the latter's campaign against the Germans in the leased territory of Kiaochow.

BATTLES IN AIR PRELUDE DURING FIGHT AT AISNE

Official Press Bureau Tells Thrilling Story of Daring Aviator.

GROWING RESEMBLANCE TO SIEGE WARFARE

Little Doubt But What Germans Chose Present Position Long Ago.

London, Sept. 29.—(2:15 p.m.)—The official press bureau gave out a statement today which says:

The following descriptive account, which has been communicated by an eye witness at present with the general headquarters, continues and supplements the narrative published yesterday of the movements of the British and French armies in immediate touch with it.

"The welcome absence of wind yesterday gave our aviators a chance of which they took full advantage by gathering much information. Unfortunately, one of our aviators who had been particularly active in endeavoring to find out the position of the enemy by dropping bombs, was wounded in a duel in the air. Being unable to alight, he was forced to remain aloft, and he was not able to use his rifle, and while circling about a German two-seater machine in an endeavor to get within pistol shot he was hit by the observer of the German machine, who was armed with a rifle. He managed to fly back over our lines, and by great good luck he descended close to a motor ambulance, which at once conveyed him to a hospital.

EDMONTON POLICE LOOK FOR HOLD UP MAN, SOFT FOR HIM ON THE COAST

Chief Hill has been notified by the Seattle police to be on the look-out for a hold-up man who worked a neat little game in that city some days ago. The man stepped into the Bank of California during the business rush and handed a note to the paying teller. The note was to the effect that the man carried a flask of nitro-glycerine on his person, and that unless \$2,000 was forthcoming within 20 seconds, he would blow everybody in it "would go to hell together."

CITY SCHOOL TEACHER LEAVES FOR THE FRONT

A. C. Humbert, teacher of French language at the Third street separate school leaves Tuesday night, with his intention, to join his regiment at La Fiere. He is young man, was "reformed" and was called only a few days ago. Madame Humbert will take charge of the class conducted by her son during his absence; the trustees, in that, are following the beautiful example of the Old France women who replace men while they serve "sous les drapeaux."

Day of Prayer.

Ottawa, Sept. 29.—Rev. Spaulding, Rev. Dr. Chown, Rev. Dr. Moore and Judge McLaren, of Toronto, a deputation representing the Methodist conference, now in session here, waited upon Premier Borden at noon yesterday and asked that a day of prayer for the restoration of peace be set aside by the government. The delegation suggested Sunday, October 4, the day suggested by President Wilson for the same purpose in the United States. The suggestion was approved by the premier, and no doubt will be acted upon.

Report Official Denied.

Washington, Sept. 29.—Official denial of the sinking of a French warship by the Austrian forces at Cattaro was made today by the French admiralty through the embassy here.

To facilitate this campaign the Japanese landed in Chinese territory. At this Chinese protested but the protest was ignored by Japan.

Recent despatches from Pekin said the Chinese believed the Japanese intended to capture all the railroad stations to the west of Wei Hsien. 200 Japanese cavalry men left Wei Hsien recently going west along the railway. This action was taken, the carrier says, because of the discovery of a German mine outside the zone of hostilities and as an effect to this German isolation of Chinese neutrality.

THE CALL TO ARMS.

ONTARIO MOURNS LOSS OF WHITNEY

Great Assemblage, National in Character Pays Last Respect to Premier.

LARGE CROWD AT SERVICE

Toronto, Sept. 29.—A great assembly, national in its character, that had been gathered in St. James' cathedral for over an hour this morning, heard the familiar opening words of the Anglican burial service as the body of Sir James Whitney, preceded by Canon Plumtree, Provost Macklem, Canon Jarvis, Canon Dixon and Bishop Sweeney, entered the church. The clergy had met the body at the churchyard gate, and preceded it in the funeral march into the church and down the long aisle between living walls of mourners to the music, purple draped catafalque at the foot of the chancel steps where the casket rested during the service.

Close behind the casket walked Master P. H. Thompson, grandson of Sir James; Garnet M. Whitney, E. C. Whitney, Edgar Whitney and Richard Wagner. Then came the colleagues of Sir James in the Ontario cabinet, members of the dominion cabinet, the premier of Quebec, and representatives of the other provinces. Following these came the members of the legislature and a host of those who cherished the dead premier's memory.

From the reverent silence of the sorrowing multitude fell the gentle strains of organ and choir in the hymn "Peace, Peace, Peace." The 96th Psalm was chanted by the choir, and Provost Macklem, of Trinity College, read the words of the burial service.

At the triumphant notes of the close of the requiem rang out the choir of 20 boys and 20 men proceeded in slow procession from the chancel to the door of the cathedral. When this was reached the choir halted and lined either side of the aisle. The casket then was borne shoulder high between the white surpliced ranks, and was escorted by the clergy to the church door.

Outside the church a great crowd gathered during the service. The station was reached by way of Church, Wellington, Simcoe and Front streets. A special funeral train was run to Morrisburg, where the interment took place this afternoon.

PREPARATIONS FOR SIEGE OF ANTWERP ARE ALL COMPLETE

More Than 250,000 German Naval Reserve Men From North Sea.

OUTCOME OF BATTLE IN FRANCE DECIDES START

All Cities in Northern Belgium in Darkness for Fear Zeppelin Attacks.

Rotterdam, Sept. 29.—The activity along the Belgian frontier indicates that the Germans are planning for a siege of Antwerp within a few days. More than 250,000 men, German naval reserves, have been brought from the North sea from the towns of Kiel and Hamburg, to Brussels, and are being held in readiness to serve on an improvised German fleet should Antwerp and Ostend be taken.

Communication with Antwerp has been almost suspended. The town can be reached by automobile, while one small freight line from Rotterdam maintains a desultory daily service. Only those provided with extraordinary passports and first class credentials are admitted.

The moment for the actual siege of Antwerp, according to the best informed circles here, all depends upon the outcome of the present battle in northern France. Should Germany win in this battle, the Belgian upper waters will be bottled at once, while in case of a German defeat the troops now holding the line of Scheidt will be used to resist any Belgian attempt to cut the retreating Germans.

It is impossible to get correct figures regarding the strength of the German troops, but according to Brussels enough troops have passed through this city to bring the number up to 150,000 men.

The northern part of Belgium, which is still under the immediate control of the Belgian government, is perfectly quiet. All cities and villages along the frontier at night are kept in absolute darkness to avoid attacks from Zeppelins, which are cruising over this territory almost every night.

THOUGHT CANADIANS WILL RELIEVE HOME DEFENCE IN ENGLAND

Quebec, Sept. 29.—That the Canadian expeditionary force will relieve the British territorial regiments on home defence service and free them for action at the front, and take their place for the time being, so that the army arrived in Quebec last night, many returning Canadians were interviewed, and this is the opinion which the majority expressed.

PARTY OF AUSTRIANS ATTACK POLICEMAN AT CALGARY; ONE CAUGHT

Calgary, Sept. 29.—Attacked by a party of eight Austrians about 2 o'clock this morning while he was on duty at the police station, a Calgarian, H. Rippens, a C. P. R. policeman opened fire on the men with his revolver, hitting four of them, and wounding them somewhat severely. The Austrians took to their heels, but the policeman succeeded in capturing one of them.

WRECKAGE OF BURNED BUILDINGS ENCUMBERS STREETS OF MALINES

London, Sept. 29.—In a despatch from Antwerp the correspondent of the Evening News says the shelling of Malines by the Germans continued throughout last night. Most of the streets are encumbered with the wreckage of burned buildings, and Cardinal Mercier left Malines at half past six yesterday evening. The few remaining inhabitants also left the city yesterday.

Raised Check From \$50 to \$54,000. Montreal, Sept. 29.—James Hinchey, real estate broker, was yesterday told by a client that a check for \$54,000, drawn on October 6 last, will be sent next week. Following the verdict, he was told that the cell and locked up, a false he has escaped since his arrest, having been out on bail.

STEADILY ADVANCES FACE BACK FOR FRONT LINES

HORSES BOUGHT FOR ENGLAND AT RATE OF 1000 A WEEK IN U. S.

Union Stock Yards, Chicago, Ill., Sept. 29.—The order for 15,000 horses for use in the British army is being filled as fast as the horses arrive on the local market. So far between 3,000 and 4,000 horses have left the Chicago market for Canada. The idea of most local traders is that the order of 15,000 will be gradually filled, depending on the length of the war. At the present rate about 1,600 horses a week can be had here of a suitable type for army use. In addition to the regular army order being filled here there are many horses of that type being shipped from here by private parties. In fact, all horses billed out are in private parties names, consigned to points in Canada.

NUMEROUS ATTACKS BY GERMANS ARE REPULSED

Paris, Sept. 29.—(2:11 p.m.)—"On our left wing along the river Somme," the French official statement issued this afternoon says: "The Germans attempt numerous attacks which the allies repulse."

JAPS COMPLETELY INVESTING TAU

Germans Evacuating Walderssee Line of Defence Before Overwhelming Enemy.

BOMBARDMENT IS BEGUN

Three German Warships and Two Japanese Aeroplanes Participated in Scrap

Perkin, Sept. 29.—The Germans in Kian Chau have evacuated the Walderssee line of defence before an overwhelming force of the enemy. Tsing Tau is now completely invested. The German warships were small.

This information is contained in a despatch received here from a German source at Peking, Shan Tung, which evidently is a wireless communication from Tsing Tau. It adds that the Japanese armored cruiser squadron has landed Tsing Tau Monday without doing any damage.

Three German warships inside Tsing Tau harbor and two Japanese aeroplanes participated in the fighting.

GERMAN CRUISER SINKS FIVE BRITISHERS SAYS OFFICIAL ANNOUNCEMENT

London, Sept. 29.—(4:07 p.m.)—The official news bureau announced today that the German cruiser Emden has sunk four British steamships and a cable ship. The Emden has been operating in the Gulf of Bengal. She was reported recently at Madras, where she conducted a brief bombardment of that port, and later at Pondicherry.

German Right in Full Retreat Sues For Peace Says New York Despatch

New York, Sept. 29.—A news service features the following cable from Paris:

"The right wing of the German army in France is in full retreat, according to information from the north."

General Von Kluck has offered to surrender to General Joffre, the French commander in chief, if the Germans are allowed to retire to Germany. It is said, however, that the Germans are in a state of panic, and are fleeing in all directions. The French have extended their lines to the east by 50 miles from the Belgian border and 10 miles south of Bapaume, where they were vigorously attacking the German right wing and troops defending Von Kluck's line of communication into Belgium. It was then that Von Kluck opened his peace parley. In addition to demanding safe passage to Germany, he agreed to guarantee that his soldiers would not take up arms again during the war.

Joffre's reply was to redouble the fury of the French bombardment.

When the German retreat began military trucks and sent in pursuit of the Germans. It is reported according to unofficial information the Germans are in their exhausted condition, could not make rapid progress and lost heavily. They are reported to have left behind many guns and a large quantity of munitions.

The consummation of this enveloping movement around Von Kluck's army is believed to be the decisive tactical lightning of the campaign.

Von Buelow's German army is reported in grave danger.

OFFICIAL REPORT TELLS OF FIERCE GERMAN ATTACKS

Enemy's Activities in Center Are Restricted to Heavy Cannonading

NO MODIFICATION IN SITUATION IN VOSGES

French Take Many Prisoners During Desperate Encounters.

Paris, Sept. 29.—(3:02 p.m.)—"The text of the French official statement is as follows:

"First—On our left wing to the north of Somme and between the Somme and the Oise, the enemy both by day and night, delivered several attacks, which, however, have been repulsed. To the north of the Aisne there has been no change."

"Second—On the center, in Champagne and to the east of the Argonne, the enemy has restricted his activities to heavy cannonading. Between the Argonne and the Meuse there had been active progress on the part of our troops, who are confronted by strongly organized positions."

"On the heights of the Meuse, in the Wever district and on our right wing in Lorraine and the Vosges there has been no notable modification in the situation."

"In the valley speaking, our line runs from the east to the west through the region of Pont-A-Mousson, Apremont and the Meuse, through the region of St. Mihiel, along the heights to the north of Spids and through a portion of the Heights of the Meuse, to the south of Verdun. Between Verdun and Reims, the German front is indicated by a line passing through the region of Varennes, to the north of Sedan, and the Roman roadway which runs into Reims, the outskirts of Reims, the road from Reims to Berry-Aux-Bac, and the heights known as the 'Chemins Des Dames.'"

"Continues into Soissons."

"On the right bank of the Aisne the line draws near to the Aisne and continues into the region of Soissons. Between Soissons and the forest of Laigue, northeast of Compiègne, it runs over the first plateau of the right bank of the Aisne. Between the Oise and the Somme this line runs along the front from Rillescourt (which belongs to us) to Lassigny (occupied by the enemy, to Roze (which belongs to us) and to Chauliery, in the possession of the enemy."

"To the north of the Somme, the line continues along the plateau between Albert and Comblis."

"We again took many prisoners during yesterday. They belong principally to the seventh active corps and the seventh reserve corps of the German army. They are reported to have left behind many guns and a large quantity of munitions."

"The consummation of this enveloping movement around Von Kluck's army is believed to be the decisive tactical lightning of the campaign."

Von Buelow's German army is reported in grave danger."

CENTER RESISTS VIOLENT EFFORTS OF KAISER'S MEN TO BREAK THROUGH LINES

Weather Conditions Again Figure and Cause Lull in Battle—Germans Suffering Especially as They Occupy Limestone Trenches Which Do Not Drain readily—Conditions on Allies' Left Favorable—Snow in Mountains and Flooded Valleys Prevent Fighting in Alsace and Lorraine.

London, Sept. 29.—(10.20 a.m.)—Another apparent lull along the western battle line in France has caused the center of interest again to shift to the east. The whereabouts and strength of the Russian army is still somewhat of a mystery.

The fanlike Russian advance, however, is still sweeping across Galicia, closing in and forcing the Austrians through the passes of the Carpathians and into the plains of Hungary.

In the battle along the western front in northern France, weather conditions are again figuring. The Germans, who are reported to be exhausted by their strenuous marches, are said to suffer especially as they occupy limestone trenches, which do not drain readily.

The latest official communications from Paris report that conditions on the allied left front are favorable while the troops in the center have successfully resisted the violent German attempts to break the French line.

Th most significant portion of the communication asserts that the allies have progressed slightly, and another report, which if true, is significant, comes from a Brussels traveller, who asserts that large numbers of battle weary troops are arriving there from France.

Paris, Sept. 29 (6.30 a.m.)—The comparative calm on the French battle line yesterday after Sunday's storm of shot and shell was a surprise. It was supposed that the extreme violence of the German attack meant a determination to finish the campaign on the Aisne by breaking the allied lines all out and the pressure, it was expected would continue especially on the allied left, where the Germans had brought up reinforcements.

The center, however, was the only point seriously attacked, probably on the supposition that the line here has been weakened to reinforce the left. One theory is that the arrival of four hours granted by the French for burying the dead was not sufficient and that the invaders needed the entire day to get rid of the bodies cumbering the trenches and another in that further shifting of troops in progress preparatory to a violent attack elsewhere, all efforts against the left having failed.

In any case the opinion is prevalent here that the Germans are losing valuable time, and a return of the bad weather will perhaps find them still bogged in the chalky clay of the Aisne district, and that they will again be forced to uncover themselves by invading floods.

The military operations in the extreme east of the Vosges and in Alsace have been hindered by bad weather, there is snow on the heights and floods in the valleys. The Rhine is much swollen, while the Moselle, Iller and Thur rivers have overflowed. The plain between Mulhausen and the mountains is under water to a great extent and it is impossible to move heavy artillery, which gives an advantage to the allies, who have comparatively light guns.

Both sides, however, are handicapped if the bad weather continues it will have the result of prolonging the campaign on this side of the Vosges and the Ardennes region.

The French people are busy preparing winter underclothing for their soldiers in the field.

LARGE CROWD TO HEAR H. B. AMES

Edmontonians Enthusiastic on "The British Navy in Action" Lecture.

There was a large attendance in the separate school hall last night to hear the illustrated lecture by Herbert Ames on "The British Navy in Action". Mr. Ames showed some very fine pictures of Britain's great battleships, and of many of the smaller craft of the navy. Other pictures showed some of the big ships in action, and, needless to say, loud applause greeted each and every scene. Pictures of the battleship and cruiser were also shown, and as the speaker explained, "The Rainbow is not great in size, but in courage". Mr. Ames in his lecture explained the workings of the vessels and the history and the make-up of some of the larger ones. Pictures of the king and several members of the cabinet were also shown on the screen.

The chairman of the evening was Lieutenant-Governor Bullock, who spoke briefly. A. P. Ewing, M.P., referred to the Canadian patriotic fund, and explained that all dependents of soldiers at the front would be properly cared for through it.

Two Million Germans Idle. Geneva, Sept. 29.—A report here from Munich estimates that two million men and women are idle in Germany, and that the number of unemployed is increasing daily. A lack of raw materials, it is said, is the cause.

ITALY'S PLUNGE INTO WORLD WAR IS ONLY DELAYED MORE SUCCESSES REPORT RUSSIAN GENERAL STAFF

Day Set by Prophets for This Event Passed, but More Likely Now.

PRESSURE OF PUBLIC OPINION ON INCREASE

Austria Has 300,000 Troops in Pola District Waiting for Expected Event.

New York, Sept. 29.—The London correspondent of the York Sun cables the following:

"Sept. 28 was the date set by serious minded prophets for Italy's plunge into the world war as an ally of England, France and Russia. This prophecy was based mainly on the order issued to Italian reservists in France to report September 28. The day has passed without the realization of that prediction, but news of the day vastly increased the likelihood of Italy's resort to arms.

The pressure of public opinion in Italy increases. Every day finds the government's position more delicate. Every day common army and navy are ready. All that is needed is a respectable pretext.

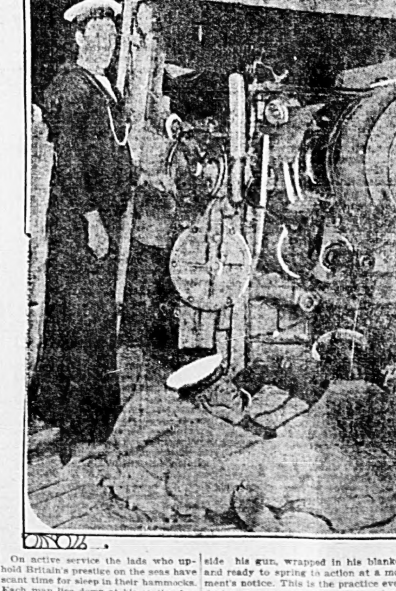

"Italy is informed of Austrian preparations in the Pola district, where 300,000 troops are believed to be assembled ready to meet an Italian attack. It can be stated, therefore, that the complications are of the utmost importance owing to the possibility of Italian intervention."

JAPS CAPTURE GUNS DRIVING GERMANS IN DIRECTION TSING TAU.

Tokio, Sept. 29.—An official announcement today, concerning the progress of events in Kiao Chao says: "Japanese forces during the day and night of September 27 drove the enemy in the direction of Tsing Tau. The Japanese casualties were 100. The German losses are not known, but fifty men and four machine guns were captured. This action, which was speedier than anticipated, has accelerated the general attack.

"The fleet has attacked the Hsiao Fort, effectively aided by the army."

AT NO POINT HAS LINE BEEN BROKEN BY GERMAN RUSH

Nothing Decisive About Aisne Battle But Allies Have Advantage.

GENERAL ACTION SAID TO BE LESS INTENSE

Russian Steam Roller Getting Too Close to Be Longer Disregarded.

London, Sept. 29.—In his review of the situation of the battle in northern France, the Paris correspondent of the Times says:

"The French left continues to make progress. On the other hand, the Germans have attained no apparent advantage from their success on the heights of the Meuse. The breach they made is too narrow to permit of the passage of the Meuse by forces in sufficient numbers.

"Nothing decisive has yet occurred, but the scanty news available is certainly to the advantage of the allies rather than to the enemy. The furious battle of the Aisne is a soldier's battle, in the sense that the ground is won and the final victory must be attained by the courage and tenacity of the infantry. On no point along the Aisne has the Anglo-French line been pierced.

"The German center still holds strongly. In fact, it seems clear, as pointed out by Colonel Roussel, the military critic of the Liberte, that the Germans have received orders to break through the French lines anywhere, at any cost. The Russian steam roller has come too close to be any longer disregarded, and it is felt by the German general staff that a decisive success must be won against the allies in the western theater of war in order that Germany may be able to turn its attention with some assurance to the victorious advance of the Russians in the eastern war theater.

"The enemy continues to fight with great fury at certain points of the line, though the action is generally less intense along the immense battle front. A narrow strip of territory, which they succeeded in gaining as the result of violent attacks, was immediately re-taken by the allies, who captured cannon, prisoners and flags."

GERMANS WASTE PLENTY AMMUNITION BUT LITTLE HARM DONE SAYS REPORT

London, Sept. 29 (5.52 a.m.)—An official communication given out by the Belgian government is contained in an Antwerp dispatch to Reuters. It says: "After bombarding Malines, 14 miles southeast of Antwerp, the Germans under cover of night, re-entered the unoccupied town but have now resumed their march from there.

The Germans have directed the fire of their heavy artillery on the forts of Wavre, St. Catherine and Waelhem, about 10 miles from Antwerp, but with a result justifying their great expenditure of ammunition. Our forts replied and the bombardment ceased."

Between the Dendre and the Willebroek canal west of Waelhem, the offensive movement of the enemy was promptly checked. The forts inflicted serious losses on the enemy, and compelled his retreat."

AUSTRIANS TAKE REFUGE IN CARPATHIANS; SAYS GALICIA CLEAR OF THEM

London, Sept. 29.—A Petrograd dispatch to the Reuters Telegram company, states that an army messenger has announced that the Russians have almost completely cleared Galicia of the enemy, who has taken refuge in the passes of the Carpathian mountains. The same source confirms the reports of the progressive destruction of the Austrian army.

An eye witness states that two German army corps took part in the battle of Jaroslavl, according to the same dispatch.

Russians had to take most of the enemy's trenches at the point of the bayonet.

"Mauritius—Million pounds of sugar for the army; million pounds sugar for the navy.

"Southern Rhodesia (agricultural union)—Maize.

TENTED CITY OF VALCARTIER NOW ALMOST DESERTED

Colonel Sam Hughes to Go to England With the Contingent. COL. STEELE, WINNIPEG, CHARGE OF SECOND BODY

Officers of Militia Enlisting in Ranks to Be Reinstated.

Valcartier Camp, Sept. 29.—Today there are many deserted tents, where for six weeks a busy city had its being, and the rattle of musketry has ceased on the big ranges. There are still however many units to be moved before the camp is entirely deserted and at headquarters much business is still being transacted.

Colonel Sam Hughes, minister of militia, will go to England about the same time as the troops, but he will not go as commander. In fact, it is said he will leave from New York, in which case he may arrive in England ahead of the contingent. It is believed that during the minister's absence the position of minister of militia will be held by Premier Borden and that the organizing of a second contingent will be in his hands.

More Cavalry Are Recruiting. The Colonel Steele of Winnipeg will have command of the second body of troops is generally understood here.

The tactical instruction is being given for several weeks, and it is pretty generally believed here that he is attending to the former recruiting of western recruits, whose strength has been reduced by their contribution to the big contingent. Captain Shaw, who for years has been A.D.C. to Colonel Steele, has been instructed not to go with his regiment, but to remain home, as these instructions are taken to mean that his services will be required later on by his colonel.

Colonel Victor Williams, camp commander, will, it is said, accompany Col. Hughes to England.

The tenth battalion, consisting of the 10th Winnipeg Infantry, and the 10th Cavalry, which was recently disbanded, is being retrained by a new battalion, has again been restored to its former condition. Colonel Blair, who commanded the battalion, has been transferred to the important position of assistant director of transport and supply. Colonel Dan Mac-

Officers to be Reinstated. It is stated in orders that qualified officers of the active non-commissioned militia enlisted in the ranks of the Canadian expeditionary forces, or accepted therein, shall be reinstated on their return to Canada be reinstated in their present corps with such rank as they would have held had their services in the militia not been interrupted by service in the overseas forces. There are many in this category who will be affected by the order. The 19th Alberta Dragoons with 200 men, has three lieutenants serving in the ranks.

The fact that the fifth and sixth battalions, which comprise the western cavalrymen, some 2,000 men, have been equipped with cavalry breeches has led the men to believe that they will later be mounted on the best horses increasing need for cavalry at the front. These two battalions contain many of the keenest and best men in the west, all of whom are naturally eager and anxious to go to the front with a horse between their knees, but who, failing that, are content to see service as infantry. The infantry drill speaks volumes for their generally high standard of military excellence.

It is believed that the second Canadian contingent will contain a large proportion of cavalry than the first, the recent decision of Australia to send a light brigade being taken as an indication that Great Britain needs cavalry.

The following appointments have been made: Lieutenant-Colonel J. W. Bridges and Lieutenant-Colonel A. T. Shillington, to general hospital with the expeditionary force.

What the Theater Press Agents Say

SECOND PRESENTATION OF "ARE YOU A MASON?"

"Are You a Mason?" is a question that men have been asking each other ever since the building of King Solomon's temple. The famous routine "Are You a Mason?" will be presented at the Empire theatre by "The Players" on Thursday next for three nights and a Saturday matinee.

The play is from the pen of Leo Dietrichstein, and is one of the rushing, rattling, roaring style which compels laughter every minute of its duration. This is its second presentation by "The Players" here. Frank Perry, a New York business man, is left alone in his apartment when his wife, Eva, goes Mrs. Woodcock, and Eva's two sisters, Lulu and Annie. An Irish cook, Nora, is left with Frank. She has been sent to the perrys by Mrs. Woodcock and refuses to be discharged.

The apartment grows lonesome and Frank takes Fanchon Arnette and a young party out for a ride. Fanchon is a cheek model and feels like slinging the whole party is taken to night police court. Hamilton Travers, usher at a music hall, witnesses the occurrence and Macmillan Perry, clerk of Fisher, former actor, now a stock broker, and Ernest Morrison, a young architect, are in love with Frank's sister-in-law, Lulu and Annie. Fisher has been turned down by the old folks. Anna has been absenting himself from home because of the nagging he receives from Angelina, with whom he had an affair before marriage and who wrote a note to him on his wedding day threatening suicide. He claims he attends the lodge of the Free and Accepted Order of Masons, of which he is grand master, but is, however, not a mason and when he and his family visit New York the two friends give him a lesson in masonic signs and tokens. A friend and a mason visits the family. The friend wishes to be initiated into their son's lodge. The mason invites the whole party to a masonic reception. Meanwhile there is a tangle up in the affairs of Lulu and Annie. Travers is bleeding Frank because of his night of decision regarding masonic matters are ironed out by the master mason and the two friends made real actors, it would be unwise to relate the members of the masonic fraternity and ladies of the Eastern Star, as well as the public at large, will be missing a treat if they should absent themselves from the Empire. Director Johnston will mount the play lavishly with new scenery and there is a fine opportunity for 14 members of "The Players" to cause laughter and fun.

William A. Brady will start the season at his Playhouse in New York with "The Rider Boy." The play is to be interpreted by a London company. Margaret Annell is appearing in the large eastern cities in a revival of Oscar Wilde's comedy-drama, "Lady Windermere's Fan."

CREOLE ORCHESTRA THE BIG HIT ON PANTAGES

Doubtless, the general opinion of those who attend Pantages this week will be that the Creole orchestra and rousing band is the leading attraction on the bill. They are half a dozen colored gentlemen, with trombone, cornet, clarinet, violin, guitar and bass viol, and they can play the same in a very capable manner, especially in ragtime melodies. Another member of the troupe, posing as Old Black Joe, sings the song by that name and "My Old Kentucky Home," added by the voices and music of the other six. This is by far the best number on the bill and would be on most bills anywhere.

Francis Clare and Guy Rawson and their company of girls, present a story of youth called "Yesterdays," in which all and sundry are made-believe budding again. The act though billed as the headliner, is only fair and the singing very average but the theme of the piece is one which, no doubt, appeals to many.

Fifteen minutes of eccentric singing and dancing are provided by McQuinn and Neimyer, a turn that for shuffles of movement and general all-round movements would be hard to beat.

A fancy roller skating act is provided by the "Great Harrahs." It is some time since a similar turn has been here and for that reason it adds variety to the bill. The abilities of the team are quite within the ordinary and have been seen a thousand times in vaudeville.

Arthur Whitlaw is with us again, but this time on the Pantages circuit. He's been here before and he's got the kind of clatter to hand out, with the addition of some patriotic gibberish, possibly cut from the comic section of a Sunday paper. He still has his usual rough stuff that acts as never fail to excite the "Country Store" of "Top of the Morn'g."

Some unusually interesting pictures are shown in their own appropriateness to the evening's entertainment.

SUNDAY IS DELIGHTFUL AT LYCEUM THIS WEEK

"Sunday," a week's offering at the Lyceum, with Grace Johnston in the title role, is a delightful play, well acted, well staged and well related. Members of the masonic fraternity and ladies of the Eastern Star, as well as the public at large, will be missing a treat if they should absent themselves from the Empire. Director Johnston will mount the play lavishly with new scenery and there is a fine opportunity for 14 members of "The Players" to cause laughter and fun.

William A. Brady will start the season at his Playhouse in New York with "The Rider Boy." The play is to be interpreted by a London company. Margaret Annell is appearing in the large eastern cities in a revival of Oscar Wilde's comedy-drama, "Lady Windermere's Fan."

Many laughs in "TOO MANY HUSBANDS"

There are some heavy laughs pulled out of one's system at the Empire theatre during the exhibition of the current feature film offering, "Too Many Husbands." The story doesn't nearly give the goodness of the film, but is briefly as follows:

Uncle Crone receives a letter from his nephew, Arthur, saying he is married, and enclosing a photo purporting to be his wife. Uncle is delighted and decides to pay him a visit. Arthur desperately denies Mrs. Brown, his landlady, he sent Uncle Mrs. Brown's photo, and begs them to help him out. Brown finally consents to Arthur's introducing Mrs. Brown as his wife. Uncle and his wife, Dorothy, with whom Arthur is in love, arrive and trouble begins in earnest. There is a row over the christening of Brown's baby, and after witnessing love scenes between Brown and his wife, and Arthur and Dorothy, the poor Uncle is about "all in." The whole affair is at last straightened out and ends very happily.

The action, characters and situations are extraordinarily funny. The other outstanding film is "The Father's Snuggler." It nicely balances the comedy picture. All in all the program is a very good one that the picture goer will appreciate it as a very enjoyable evening's entertainment.

IF BILIOUS, SICK OR CONSTIPATED TAKE CASCARETS

No headache, bad cold, sour stomach or costive bowels by morning.

Get a 10-cent box now. "You're bilious!" You have a throbbing sensation in your head, a bad taste in your mouth, your eyes burn, your skin is yellow, with dark rings under your eyes; your lips are parched. No wonder you feel ugly, mean and ill-tempered. Your system is full of bile not properly passed off, and what you need is a cleansing up inside. Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember that most disorders of the stomach, liver and bowels are cured by morning with gentle, thorough Cascarets—they work while you sleep. A 10-cent box from your druggist will keep your liver and bowels clean; stomach sweet and your head clear for months. Children love to take Cascarets because they taste good and never grip or sicken.

Many Country Store Prizes at The Bijou

Tuesday is Country Store night at the Bijou. This big and exceedingly popular attraction has something for the many patrons of the Bijou that will create another good surprise and laugh for the children and for those who attend. Some 30 or 40 prizes are to be given away by the management of the Bijou to the winning tickets. As each patron of the theatre enters the door, he is given a ticket bearing a number, and drawing then takes place and to the holders of the lucky winning numbers, prizes from over the counter of the "Country Store" are given. Some new stunts are scheduled for this Tuesday evening.

The feature film offering—shown Monday for the first time—is a gem. "The Idle Rich" is called and it tells a most compelling story on this universally interesting topic. The story is touched upon from an angle quite novel and therefore very interesting. There is also exhibited the "Warwick Chronicle," a motion picture review of current events which, with its pictures pertaining to the war, is very timely and much appreciated.

PHYSICAL TRAINING AND EXPRESSION CLASSES

A great deal of interest is being shown in the physical training and expression classes which are now being organized by Mrs. M. Pimol. The classes last year were a delight to all who took part in them.

With all the demands upon our strength in these strenuous times it is well for every woman to keep herself in the highest condition of health and with this object in view, the classes in physical training are formed including as they do, scientific exercises towards all round development, correction of bodily defect and wholesome recreation and relaxation.

And since woman is now her duty to fit herself for her opportunities. To do this a course of lessons in voice control and extemporaneous public speaking is of inestimable value. For the benefit of those who are planning to join these classes, the following is added.

Classes open as follows: Class 1, at 3:30 p.m. every school assembly room on Monday, October 5—Physical training at 7:30; expression class at 8:30. Class 2, at St. Andrew's high school on Thursday, October 8 and class 3 at McKay avenue school on Friday, October 9, at the same hours.

Admitted to American Registry.

Washington, Sept. 28.—Seven foreign vessels, with an aggregate tonnage of 27,716 gross tons, were admitted to American registry under the recent act for the relief of the city.

In September 26, according to the department of commerce. Six were English and one German vessel.

ENLISTING FOR FRENCH CANADIAN REGIMENT TO COMMENCE IMMEDIATELY

Montreal, Sept. 28.—Dr. Arthur Mignault and the other delegates who went to Ottawa yesterday to secure authority for a formal petition composed exclusively of French Canadians returned last evening delighted with the reception accorded them by the prime minister, the minister of militia and the cabinet generally. Dr. Mignault announced that recruiting for the regiment would be started at once and that 1,000 men would be the figure aimed at.

FRENCH FLEET IN ACTION FOR 48 HOURS BOMBARDING DALMATIAN COAST ISLANDS

London, Sept. 28.—(14:22 a.m.)—A dispatch to the Daily Mail from Venice dated Sunday, says that the French fleet at that time had been in action for the last 48 hours bombarding the port of Cattaro and the fortified islands on the Dalmatian coast.

Provincial Employees Will Donate \$100,000

It is estimated that the total amount donated by the employees of the provincial government, as a result of the order-in-council recently passed, will reach \$100,000. This was the figure roughly given by John Blue, campaign manager for the patriotic and war-time funds, when questioned by the Capital and, as Mr. Blue is also the expert statistician of the provincial government, his guess will probably be quite accurate.

Subscriptions to the two funds Monday included: Robertson-Donaldson limited, \$1,000; Imperial Bank staff, \$500; H. H. Cooper, \$400; H. H. Cooper's employees, \$400; D. P. McArthur, \$100; J. H. Conklin, \$50.

The generous donation of Robertson-Donaldson limited, is mainly to the relief fund of the public welfare board, and conditionally that the department in Deverley be given the same treatment as those in Edmonton.

The campaign management will be glad if the collectors will make a special effort to get in all cards they have left with the various firms and individuals Tuesday and Wednesday.

The headquarters at 44 Jasper west will remain open for the remainder of this week, as now that they have become well advertised in the city there is a large number of people calling in from distant parts and leaving their contributions.

The War is Responsible for This Sensational Offer

MADE TO MEASURE SUITS AND OVERCOATS

Reg. \$20 to \$30 **\$17.50** Reg. \$20 to \$30

ONE WEEK ONLY

THE REASON:—Our immense stock of Fall Suitings was purchased from England before the War was ever thought of. We now find ourselves overstocked with Materials which, in the ordinary times when the average man's pocket-book is well filled, would sell at \$20.00 to \$30.00 made to measure, and then be exceptional value.

THE RESULT:—Every man can now reap the benefit of our loss—for our stock must be lowered, and in such a way that will be consistent with **Hard Times**. Never before in the history of Edmonton has such a sensational offer ever been made. Think of it!—**MADE TO MEASURE \$17.50.**

YOU'LL NEED A NEW FALL SUIT OR OVERCOAT
Your personal appearance counts for much in these strenuous times. A man is judged almost invariably by the cut of his clothes. Look prosperous—you'll find you'll not only look better, but you'll feel better.

REMEMBER THIS OFFER FOR ONE WEEK ONLY
We cannot emphasize too strongly the unmistakable High-Class Tailoring and the painstaking workmanship put into our Suits and Overcoats.

There's distinction in every line—there's a difference to the ordinary ready made clothing—that you can't help but notice. Furthermore you'll get a smart, snug fit, and materials of sterling worth into the bargain.

NOTICE
A small deposit will reserve a suit or overcoat in order to give every man a chance to take advantage of the One Week offer.

Just a Word to the Skeptical—We have made clothes for no less than 4500 Edmonton men. What more proof of satisfaction can we offer

GRANDE PRAIRIE PEOPLE EXPRESS THEIR THANKS

At a meeting of the executive of the Edmonton Presbytery, held during the week, the following letter was read, expressing the appreciation of the people of Grande Prairie at having a large and well equipped hospital in their midst:

To the Women's Missionary society of the Presbyterian church in Canada, whose central organization is in Toronto, including the Edmonton and Calgary presbyteries and others interested in hospital work.

The citizens of Grande Prairie, desire to place on record our high appreciation of the splendid work that has been done at your institution among the sick in isolated parts of western Canada. Through your agents, timely help and nourishment have been brought to many a new and discouraged settler.

The hospitals that have been erected through your efforts have been a wide-spread blessing in their community and a large asset to the commercial value of the property for miles around. To have a doctor, a nurse and a hospital within reach of the homestead has given many weary and timid woman confidence and hope in her struggle to build up a home.

You probably will never know, this side of time, the amount of good that has been done in this way and how deep has been the gratitude of those who have received benefit at your hands.

We, on Grande Prairie, have been singularly fortunate in coming within the scope of your consideration. Far remote from railway facilities as we are, and means of transport so difficult, yet, in many ways, we are as well supplied with medical attendance as those much nearer the city life.

At the commencement of immigration, now over four years ago, your work began. It began in a small way, since then it has grown and developed, and now you have a large, commodious and beautiful building, standing on its own ground of ten acres, which will be of the utmost value to the district and a credit to the whole countryside.

To the Rev. Mr. Forbes, Mrs. Forbes and Miss Baird, who have been your agents in this good work, we owe a special debt of gratitude and we congratulate your organization on having such able and faithful helpers in your work on Grande Prairie.

Your desire to promote the welfare of the community and so generously to provide ways and means for the caring of the sick deserves our

WOMEN'S PRESS CLUB

A movement is being inaugurated this month whereby the different clubs of the C.W.P.C. will send a home letter from each province to the soldiers at the front, whether on active service or in the hospitals. This letter will contain home news and bright messages of cheer to "Our Boys."

A special meeting of the Toronto to discuss the part that the press was called on Wednesday last when shall take in forwarding the work of relief to war sufferers that will be carried on in that city.

Mrs. Ambrose Dickson, the dominion secretary, addressed the Calgary club this month at the Palliser hotel.

Mrs. Annie Anderson Perry, "Palliser" of Winnipeg, who made a climb of Mount President last month, has been visiting in Calgary and Edmonton this month where she addressed the local clubs—Canadian Courier.

Rummage Sale

A rummage sale of old furniture and second hand clothes will be held at the corner of Namoy and Isabella under the auspices of the Daughters of the Empire on Wednesday, Thursday, Friday and Saturday.

It was a curious night at the recent meet at Blue Bonnets, Montreal, to see various groups of society ladies knitting during the intervals for the sale of the goods.

WAR AND FARM WOMEN.

At a meeting of friends of technical education, manufacturers, merchants and representatives of the Local Council of Women, in Toronto, an address was given recently by Miss Emily Guest, of Belleville, which presented the claims of women in the province's rural districts to a share in any government grant which may be made for promoting technical education. It is expected that such a grant will be large, as it is obvious how that native designs must supply the Canadian manufacturers.

At the same time the it is vastly important that the women of the farms be educated along technical lines, unless they are to remain forever overworked. They are simply clamoring for such education. They want expert teachers to be sent among them. The response in the various women's institutes, which comprise, in rural Ontario alone, a membership of some 25,000, to the teaching of the 30 lecturers among them is a guarantee of what they will do when the government provides them yet more leaders.

GERALD RUFUS ISAACS WEDS MISS EVA MOND.

London, Sept. 23.—The Hon. Gerald Rufus Isaacs, only son of Lord Reading, the lord chief justice, was married yesterday to Miss Eva Mond, daughter of Sir Alfred and Lady Mond.

The bride being a Protestant and the bridegroom a member of the Jewish community, there were two ceremonies.

Mr. Isaacs is in training and will, it is expected, be called upon for active service. The wedding has taken place, for this reason, two months earlier than was originally intended.

Her Royal Highness the Princess Patricia, Lady Evelyn Paraghar, Lady Gordon, and also the wives of the cabinet ministers, supported the Ottawa Red Cross society by assisting in the sales at one of the capital's departmental stores which offered a percentage of the dividends last Saturday to the work of that important organization.

The Edmonton Local council of women is undertaking to deal with the question of the local unemployment of girls. There are said to be some hundreds in that city who have lost positions since the outbreak of the war. An effort is being made to house them for the present at \$4 to prevent the unnecessary increase of their number.—Canadian Courier.

RUGBY TEAMS PRACTICING STRENUOUSLY FOR OPENER

Both Civics and Varsity Were Out in Force Yesterday—Knights of Columbus Had Workout—All Teams Practice Again Today.

The usual enthusiastic sound of Civil players was in attendance at Diamond park yesterday afternoon and the players were put through their paces by Deacon White. The practice was not called off until it was so dark that it was almost impossible to see the ball, and despite the fact that a severe practice had been held on Saturday, the players chased the pigskin in a very strenuous manner.

The initial exercise was in passing, falling on a loose ball, tackling, followed up by sprinting short distances to get the getaway down pat. Then came runs around the field at the finish.

North, who has the appearance of a lively player, made his first ap-

pearance. Others who were out were McLaren, Christie, McKewen, Kincaid, Duncan, Bill and English. The coach is desirous that Rasmussen, Stearns, Blades, Whitelaw, Clark and Atterton turn out tonight.

Varsity was also out yesterday and did some useful work in preparation for their game with the Civics on Saturday. The freshmen have arrived at the city and they will be lined up today. There are quite a number of them, and it is highly probable that some good material will be unearthed.

The Knights of Columbus, who have rugby aspirations, worked out yesterday at Diamond park and showed that they are willing to do plenty of hard work.

MANAGER OF REDS IS OUT OF GAME PENDING APOLOGY

Herzog of Cincinnati Sends Insulting Telegram to League Executive.

Philadelphia, Sept. 29.—C. L. Herzog, manager of the Cincinnati Nationals, was indefinitely suspended yesterday by President Tener because of an "insulting telegram" received at the executive office of the league in New York from the Cincinnati manager. Herzog was suspended for three days as the result of an altercation with an umpire in Boston, when it was said he used unbecoming language. This suspension, it is alleged, caused him to send the telegram to Secretary Heydler, Governor Tener, who was in this city last night, stated that Herzog will remain under suspension until he has made a suitable apology.

Ask Pertinent Question

Washington, Sept. 29.—Great Britain has asked the United States to investigate who was responsible for sending the American ship *Lorena* with coal to the German cruiser *Karlsruhe* in British West Indian waters. The *Lorena* was caught by a British cruiser. The department of commerce and justice will determine who may be prosecuted under the neutrality laws.

FIRST SESSION OF TOURNAMENT GOES TO INMAN

Englishman Scores 602 to 304 in First Match of Combination Billiards.

New York, Sept. 29.—Melbourne finalist, of Twickenham, Eng., the world's champion at English billiards, scored 602 points in the first session of the international match here last night. Willie Hoppe, of this city, holder of the world's title for balk-line billiards, was Inman's opponent, made 304 points.

The first game was played on a "9 by 12" English table. Hoppe's showing was considered good, considering his unfamiliarity with the English style. The match which was begun last night is the first of a series of five to be decided here and at Chicago, Montreal, Toronto, and Winnipeg.

The match here and the Chicago contest, which will take place two weeks hence, will consist each of eleven games, five of six hundred points each at English billiards, and six of five hundred points each at balk-line billiards. A money stake of \$1000, which will be levied in each match, and the winner and loser will divide the net game receipts on a basis of 65 and 35 per cent. The matches in other cities will be shorter.

Inman took an early lead and never relinquished it, gradually increasing his advantage. He was deadly accurate in playing the hazards. His best effort was in the thirteenth inning, a run of 125. Hoppe gathered 69 by line all round work in his ninth inning, but he was frequently at sea when he tried the hazards.

ATHLETICS MAKING ARRANGEMENTS FOR THE WORLD SERIES

Have to Drop All Remaining Games to Lose League Championship.

Philadelphia, Sept. 29.—Now that the Philadelphia American league baseball team practically has clinched the championship of that organization, officials of the club are making active preparations for the world's series. Only a tie game with Boston, that might be ordered played in case the Athletics lose all their remaining games and the Boston Red Sox win all their stands between the Athletics and the title. Each team still has eight games in its respective schedule. If the Athletics lose all eight their percentage would be 45, while by winning all Boston would have a percentage of 62.

The victory of the Athletics in the American league race would give Connie Mack his sixth championship, a new major league record. Under his tutelage they won the league pennant in 1902, 1903, 1910, 1911 and 1915, and in the latter three years they also captured the world's championship.

The National commission will hold a meeting here next Wednesday to make final arrangements for the world's series, the first game of which will be played on either October 8 or 9. Whether Boston or Philadelphia will obtain the first game will be decided by the toss of a coin.

EDMONTON SCHOOLS HOLD RUNNING EVENTS ON S. S.

The Edmonton public schools held their cross country runs yesterday afternoon on the south side with a good list of entries. The course extends from the athletic grounds to McKernan's lake and return, a little less than three miles.

In the senior High School event there were six starters, all of whom finished, the winner being Edsel East, who made the trip in 11:36. Donald Palmer finished second and Jack Sheppard third. East has won this event five times hand running.

Early Evans of the Victoria High school captured the Junior High school event, covering the course in 12 minutes. Only four were entered in this event, and Jack McAllister and Robert Cross trailed the winner in.

Twenty-four boys lined up for the senior public school run, out of which only nine finished. The finish was very exciting. John MacKenzie and Mike Maull finished an almost even race, the former just being able to beat his opponent out at the string. Wilfrid Kinney finished second, and James Stuart third.

The officials in charge of the program yesterday were: Starter, Art Sheppard; Judges, C. H. Flint, Kennedy, Reid, Barnett and Kowen.

Following is a summary of results: Senior high school run—Edsel East, Victoria H. S., first; Denton Palmer, Victoria H. S., second; Jack Sheppard, Strathcona Collegiate, third; C. Armstrong, technical school, fourth; Paul Smith, Victoria, fifth; E. Pfeiffer, technical school, fourth. Time, 11:30 min.

Junior high school run—Earl Evans, Victoria H. S., first; Jack McAllister, Victoria H. S., second; Robert Cross, Strathcona Collegiate, third; R. Triffin, technical school, fourth. Time, 12 min.

Senior public school run—John MacKenzie, Queen Alexandra school, won; Mike Maull, Queen Alexandra school, second; Wilfrid Kinney, Oliver school, third; James Stuart, Oliver school, fourth; Howard Leonard, Norwood school, fifth; V. Reid, Norwood school, sixth. Time, 13 min. 14 sec.

NEW YORK WINS FROM PITTSBURG

Take Both Ends of Double-header; Boston Still Climbing Upwards.

New York, Sept. 29.—New York defeated Pittsburgh in both ends of a double-header yesterday, by scores of 5 to 2 and 13 to 6. The second game lasted only six innings, on account of darkness. A batting rally in the seventh inning gave the locals the opening contest. New York enjoyed a slugging bee in the second game. Cooper, Knutson and H. Kelly, all left handers, were hit freely. McGraw was hurt in the first contest by attempting a third strike on Snodgrass.

Boston Again

Boston, Sept. 29.—Hard hitting by Boston enabled the locals to win from Chicago 7 to 4 today. A rally by the visitors yesterday in the ninth inning after two were out, gave them two runs and the bases were full when Zimmerman hit to Smith for a force-out at second base.
